Diplomático Reserva Exclusiva / Venezuela

Diplomático Reserva Exclusiva is a mixture of rums aged up to twelve years. It is the most popular and globally recognized Venezuelan rum, and boasts more than twenty medals from prestigious international competitions.

Diplomático Distillery Collection No. 1 Batch Kettle / Venezuela

The Diplomático Distillery Collection is a rum made using various distilling techniques. The Batch Kettle distillery was brought from Canada to La Miel in 1959. Originally used for whiskey production, this process for the six-year-old rum creates a refined taste with delicate woody tannins that complement the burnt-caramel tones, and ends with the flavor of ripe red fruit and a soft, sweet scent.

Diplomático Distillery Collection No. 2 Barbet Column / Venezuela

The Barbet continuous distillation system was designed by Emile Barbet in France in 1927, where it was originally used to make cognac. This process was introduced to Diplomático in 1959. On the palate, this four-year-old rum is slightly dry, with fine wood tones and fresh citrus, which combine to form a pleasant and long-lasting finish.

Diplomático Ambassador / Venezuela

The Ambassador is the highest level of all the Diplomático rums, made exclusively from heavy rums that have matured for twelve years in bourbon barrels, and then spending two years mellowing in barrels previously used to make premium sherry.

Zacapa Centenario 23 / Guatemala

The flagship among rums, this Guatemalan rum is made from the virgin honey of sugar cane. At an altitude of 2,300 meters, it matures with the sun from 6 to 23 years, and gradually goes through several types of barrels.

Zacapa Centenario X.O. / Guatemala

Zacapa X.O. spends an additional two years maturing in French oak barrels, which previously were used to age cognac.

Zacapa Edición Negra / Guatemala

In the end, the rum is stored in red-hot oak barrels. This process adds the woody, spicy, smoky tones that intensify the flavor and distinguish Edición Negra from other Zacapa rums.

Zacapa Reserva Limitada 2015 / Guatemala

The Reserva Limitada 2015 was inspired by the Guatemalan national flower, an orchid called the White Nun. In the last stages of maturation, the rum was transferred to barrels that had been carefully charred by hand in order to awaken the aroma and flavor of vanilla in the distillate.

Botran Solera 18 / Guatemala

Ron Botran Solera 18 is matured from five to eighteen years using the solera system, in oak barrels previously used for aging American whiskey, burnt barrels, and sherry barrels. The result is a complex rum with depth, richness and naturally sweet tones.

Botran Cobre / Guatemala

The unique flavor of this limited-edition rum is created by distilling it in copper kettles, inside of which is a mixture of cardamom, cinnamon, ginger, and cloves. It's a blend of rums up to 20 years old. The complex taste reveals a great sweetness-to-spice ratio, with a long finish, allowing you to truly enjoy the spices used.

Autentico Nativo / Panama

The icon of modern rum among the blenders of modern flavor profiles is Francisco „Don Pancho“ Fernández. The highly balanced flavor of his rum is characterized by the melody of honey, along with tones of oak, cocoa, and citrus. It tastes good at whether served at room temperature or ice-cold, and each taste gradually reveals even deeper tones and flavors.

Zafra Master Reserve 21 Y.O. / Panama

This exceptional rum is aged for 21 years. It is an exquisite, smooth rum that features woody, fruity and slightly spicy flavors.

Zafra Master Series 30 Y.O. / Panama

The Zafra Master Series 30 YO is unique in the world of rum – it has aged for 30 years in bourbon barrels. The mature aroma of vanilla and dried fruit is enhanced by a rich, woody bouquet.

Rum Nation Panama 21 Y.O. / Panama

Panama 21 YO starts with a light, sweet aroma reminiscent of dried figs and dates, tobacco, and wine. The velvety smooth foundation has subtle hints of chocolate, orange, dried fruit, and a touch of pepper. It is a very mature rum at 21, but still maintains a surprisingly fresh taste.

Cartavio 18 Y.O. / Panama

Cartavio is a blend of 18-year old rums that have been stored in barrels made from American, French, and rare Slovenian oak. These barrels were previously used for aging sherry and American bourbon whiskey.

Arcane 12 Y.O. Extraroma / Mauritius

This is a unique, agricultural rum from the island of Mauritius, and matured using the solera system. Three to six months prior to bottling, a mixture of dark cane sugar syrup and 35% rum is added.

Gold of Mauritius / Mauritius

Gold of Mauritius is not traditionally aged. Select rums are blended and stored for ripening in barrels previously used to mature high-quality South African Port wines. It has a balanced, soft, silky and light taste, with subtle flavors of oak, malt, and roasted nuts.

Chamarel V.S.O.P. / Mauritius

Chamarel creates distinctive products because of its location – 300 meters above sea level, with its own microclimate – and the unique varieties of sugar cane used. Chamarel VSOP is a mixture of rums from the distillation column (75%), and from the sweat-style method (25%), then matured for at least 4 years in barrels of French oak.

Millonario X.O. / Peru

Millonario XO is a blend of rums matured up to twenty years, using both American white oak bourbon barrels, and sherry barrels that used the solera process from Pedro Ximénez. The result is an elegant, velvety smooth, rum-soaked taste with a touch of bitter chocolate.

Rum Nation Peruano 8 Y.O. / Peru

This sweet Peruvian rum has overtones of figs and dates, and retains a fresh, sharp, lively and surprisingly light character thanks to its youth.

Appleton 12 Y.O. Rare Blend / Jamaica

Appleton Estate is the oldest sugar estate and distillery in Jamaica. The Rare Blend is made from select rums, all aged at least 12 years. It's aroma is complex, and the flavor robust, with hints of wood, fruit, cocoa, orange peel, and almonds.

Appleton 21 Y.O. / Jamaica

Appleton Estate 21 Y.O. consists of carefully selected rums, all aged a minimum of 21 years. Together they create an extraordinary rum. It has a robust flavor, and yet with incredibly gentle notes of citrus, spices, wood, traces of orange peel, nutmeg, almonds, coffee, and cocoa.

Angostura 1919 / Trinidad and Tobago

Angostura 1919 is one of Angostura's most successful rums. It is a light blend, matured in burgundy barrels for up to 8 years. The base is dry, with hints of caramel, roasted nuts, vanilla, and pepper.

Angostura 1824 / Trinidad and Tobago

Angostura 1824 is a blend of rums, the youngest being twelve years old. On the palate, it has a full and balanced flavor, with hints of honey, chocolate, fruit, spices, and herbs.

Rum Nation Demerara Solera No. 14 / Guyana

This combines a variety of rums from full-flavored kettle distillations to lighter rums from the distillation column. The majority of the aging occurs in bourbon barrels, with the final 12 months happening in sherry barrels from Oloroso and Pedro Ximenez to highlight the spicy character of the rum. In the last step, a small portion of the very old Enmore rum is added, enhancing its complex, „dark“ character.

Six Saints / Grenada

Although the flavor profile is reminiscent of spiced rum, no spice is added to Six Saints. It is a light yet complex rum with the aroma of tropical fruit, dried sour cherries and coconut.

Don Papa / Philippines

This rum was inspired by the revolutionary leader Dionis Magbuelas, better known as Don Papa, who fought against Spanish domination in the Philippines. This has an exceptional taste profile, with notes of vanilla, honey, and candied fruit.

Trois Rivières V.S.O.P. / Martinique

Faithful to the traditional style of production, Trois Rivières VSOP has a delicate fullness and a finesse that makes it a truly extraordinary rum. It has a perfectly gentle, opulent, distinctive flavor with a hint of dried fruit, honey, and spices, and a wonderfully robust conclusion, making it a favorite not just for rum enthusiasts, but for true connoisseurs.

Service charge of 12,5 % will be added to the final bill for the groups of 8 and more guests.
All prices are in Czech crowns and including VAT.
